*Where allowed by law. In-store pickup is currently not available in Arkansas, Oklahoma and West Virginia. Some states require first-fill prescriptions to be transmitted directly to the dispensing specialty pharmacy. Products are dispensed by CVS Specialty and certain services are only accessed by calling CVS Specialty directly. Certain specialty medication may not qualify. Services are also available at Long's Drugs locations.

†Some specialty medications and/or supplies do not qualify for refill requests through CVSSpecialty.com

Choose convenience,
care and support

You are our specialty

Welcome to CVS Specialty.™ We're a different kind of pharmacy. We specialize in medications that treat conditions like yours. These medications usually require specific storage and may be taken a little differently—like injections or infusions.

With CVS Specialty, you're a person first and a patient second. We understand that living with your condition requires extra care. That's why we offer more than just the right specialty medication. We are committed to supporting you with our experience and compassion. And we're here for you—any day of the year.

Call us at 1-800-237-2767.
Or visit [CVSpecialty.com](https://www.cvspecialty.com).

Pickup or delivery

Getting your medication and supplies shouldn't be hard. We make it easier by giving you the choice of pickup at a CVS Pharmacy® or delivery to any location*. **We're the only specialty pharmacy that offers you this many options.**

Choose—

- Convenient pickup at your local CVS Pharmacy.* Remember, only CVS Specialty offers you this choice.
- Secure, safe delivery to your home, doctor's office or other location*—all at no extra cost to you.

Digital tools

Our digital tools help you manage your therapy, wherever you are. Register at [CVSpecialty.com](https://www.cvspecialty.com). Or download our free CVS Specialty mobile app from Google® Play or Apple® iTunes® stores. Then go online to refill prescriptions, track orders, set reminders and more.†

Your CareTeam

Choose CVS Specialty and count on support from your own CVS Specialty CareTeam, led by clinicians who are specially trained in your condition. Call them with questions, anytime. Your CareTeam works with you to:

- Coordinate shipments
- Remind you when to refill
- Understand and better manage your health
- Take your medication the right way
- Troubleshoot side effects
- Teach proper medication storage and disposal
- Stay on your therapy

Financial assistance

We want to make paying for your prescriptions easier—so you can focus more on your health. Our financial specialists will:

- Work to maximize your benefits to help lower out-of-pocket costs
- Help manage your specialty pharmacy benefit coverage
- Find resources to help cover prescription costs if you have a financial hardship
